

The Coast Sustainability Trust II

**December 31, 2013
Annual Report**

**Trustee
Eric van Soeren**

The Coast Sustainability Trust II

Report of the Trustee

The Coast Sustainability Trust (CST) was established in late March 2002. Its purpose was to mitigate any adverse impacts arising from government land use planning decisions related to the Land and Resource Management Plan (LRMP) process in the Central Coast, North Coast, and Queen Charlotte Islands/Haida Gwaii (the Specified Area), and to help the coastal forest industry, coastal communities and First Nations become more sustainable.

On March 31, 2007 the CST was terminated by operation of the Trust Deed that created it. At that time the Advisory Board decided to roll the CST into the Coast Sustainability Trust II (CST II). CST II assumed all the assets and liabilities of the CST, retained the governance structure of the CST, and kept the Community Matching Fund Guidelines. The main differences are that the Regional Steering Committees now have the ability to increase the CST II commitment to any one project to as much as \$250,000 instead of the previous \$100,000 maximum and, in order to help small communities, the CST II may contribute up to 75% of the first \$50,000 in a project's cost, instead of the previous 50/50 minimum requirement, for all community matching fund projects.

As of December 31, 2013, the CST II consists of four funds, with the following approximate balances:

1. A **Community Matching Fund** for civic communities and First Nations that have been negatively affected by provincial government land use decisions related to the LRMP process. As of year-end, the Community Matching Fund account contained approximately \$2.948 million.
2. An **Ecosystem Based Management Adaptive Management Fund**, whose primary purpose is to fund successful implementation and management of an Adaptive Management program that supports the goals of EBM. As of year end the Ecosystem Based Management Adaptive Management Fund account contained approximately \$563,000.
3. An **Ecosystem Based Management Matching Fund**, for communities, First Nations, workers and contractors that may be negatively affected by the implementation of Ecosystem Based Management. As of year-end, the EBM Matching Fund account contained approximately \$1.132 million; and
4. A **Landscape Reserve Planning Fund**, whose primary purpose is to fund the development and implementation of Landscape Reserve Planning by local First Nations that supports the goals of EBM within the Plan Area. As of year-end the Landscape Reserve Planning Fund sub trust contained approximately \$17,000.

Trust Administration

A Trustee and a five-person Advisory Board administer the CST II. The Advisory Board consists of one representative for the coastal forest industry, one for the Truck Loggers Association, one for the Steelworkers, one for the provincial government and one for communities.

Community Matching Fund (CMF):

The immediate objective of the Community Matching Fund is to provide funding to projects in civic and First Nations communities impacted by the LRMP process. Funding can be directed to First Nations and civic communities in the Regional Districts of Skeena-Queen Charlotte, Central Coast, Comox Valley, Strathcona and Mount Waddington, and the portions of the Kitimat-Stikine Regional District that are included in the North Coast LRMP planning area. Funds address local adjustment priorities, needs, opportunities and solutions. Projects must have community and preferably regional support and should result in:

- Regional and community strategic planning;
- Strategic investments with expected long term economic benefits; and
- Reduction of reliance on conventional forestry based activities to alternative and sustainable economic activities.

The following guiding principles are to be applied to projects being submitted to the CMF for consideration:

- Helps in developing a regional and community economic development strategy, if no current plan exists.
- Helps diversify the local economy, without adversely affecting the economies of neighboring communities.
- Has tangible long-term direct economic benefits, including employment creation or enhancement.
- Promotes sustainable development within the region.
- Demonstrates broad based community support.
- Is consistent with the community's Community Economic Development Strategy.
- Leverages a minimum of an equal amount of unencumbered private or public sector dollars, except for smaller projects, which may be supported by as much as three quarters of the first \$50,000 by the CST when no other matching funds are available.
- Does not request funding for activities that can be covered by other existing programs.
- Is environmentally sound and does not cause unsustainable pressure on natural resources.

Types of Matching Fund Assistance

- Funding assistance for communities is available for a variety of activities, including regional planning, infrastructure development and marketing.
- Assistance is in the form of grants made directly to civic communities, First Nations or entities such as not for profit societies or associations that are formally supported by civic communities or First Nations.
- No funding will be provided to privately owned for profit operations.

Following are the objectives of the Ecosystem Based Management Adaptive Management Fund (EBM-AM):

- To invest in the Central Coast, North Coast and the Queen Charlotte Islands / Haida Gwaii plan areas (EBM-AM Plan Area).
- To fund the successful implementation and management of an Adaptive Management program that supports the goals of Ecosystem Based Management within the EBM-AM Plan Area.
- To fund projects in an Annual Work Plan approved by the Coastal First Nation and the Nanwakolas EBM Forums and the Provincial Government EBM representative.
- To invest in and support EBM-AM, and other specific uses as directed by the Donor.

Following are the objectives of the Ecosystem Based Management Matching Fund (EBM-MF):

- Originally, the same as for the Community Matching Fund, but in addition, workers and contractors that may be affected by provincial government land use decisions related to EBM are also potentially eligible for mitigation payments.
- During 2011 the CST Advisory Board decided to utilize the EBM-MF as follows:
 - \$1,000,000 was set aside for forest worker training
 - \$2,000,000 was allocated to the CMF, and then allocated equally to the five Regional Steering Committees
 - The balance was to be used to provide matching to funds received from the BC Forestry Revitalization Trust II to provide mitigation to workers and contractors in Haida Gwaii that were negatively impacted by the implementation of EBM. All that mitigation was completed during 2013.
- Currently the balance in the EBM-MF is to be used as matching funds for forest worker training.

Following are the objectives of the Landscape Reserve Planning (LRP) sub trust:

- To invest in the Central Coast and North Coast plan areas (LRP Plan Area).
- To fund the successful development and implementation of landscape reserve planning that supports the goals of EBM within the Plan Area.
- To provide regional capacity for First Nations in the LRP Plan Area to develop landscape reserve plans that provide for concurrent progress on ecological integrity and human well being objectives.

The initial allocation of the existing funds was as follows:

- The EBM Matching Fund started with \$5.00 million.
- The Community Matching Funds received the balance of the undistributed funds in the CST Matching Fund as of March 31, 2007. This amounted to \$13.06 million.
- The Ecosystem Based Management Adaptive Management Fund received \$580,000 from the Ministry of Agriculture and Land plus the balance of the undistributed funds in the Ecosystem Based Management Working Group Fund as of March 31, 2009. This amounted to an additional \$81,000.
- The Landscape Reserve Planning Fund received \$750,000 from the Ministry of Agriculture and Land.

- All four funds are subject to a maximum of 3% of the capital plus all interest earned to cover administration costs. To date administration costs have remained low enough that all the capital plus a substantial amount of the interest has been retained for the benefit of the intended beneficiaries of the CST and the CST II.

Fund Term

- The CST II will be wound up when all funds have been disbursed, or when the remaining funds are insufficient to justify continued operation of the CST II. If that happens, the Trustee will transfer the remaining balance to one or more entities that have a mandate similar to that of the CST II, on condition that the transferred CST II funds will be used in a way that is consistent with the purpose of the CST II.

Distributions to Beneficiaries

Community Matching Fund

The Advisory Board of the CST approved the creation of 5 Regional Steering Committees (RSCs), based on a combination of Regional District and LRMP area boundaries. These RSCs were established to determine how Community Matching Funds would be allocated. Representation on the RSCs consists of 50% First Nations nominees, and 50% non civic community nominees. The RSCs review proposals received directly from communities or First Nations in their area, or from entities supported by those communities or First Nations.

Five RSCs represent the Comox Valley, Strathcona, Mount Waddington, and Central Coast regional districts, and the North Coast and Haida Gwaii. Following is an indication of activity with the RSCs to date:

**Status of Community Matching Fund funding requests
As at December 31, 2013**

Regional Steering Committee	Total Project Size	Amount Requested of CST	Amount Rejected by CST or Abandoned by Applicant	Amount Still Under Consideration by CST	Number of Approved Projects	Amount Approved by CST	Amount Disbursed by CST
Central Coast	\$23,337,242	\$6,464,273	\$3,029,632	\$67,008	62	\$3,367,633	\$3,104,265
Comox Strathcona	\$58,745,792	\$14,149,419	\$10,049,585	\$0	47	\$4,099,833	\$4,023,333
Mount Waddington	\$113,307,047	\$10,502,162	\$6,411,075	\$0	55	\$4,091,087	\$3,760,704
North Coast	\$69,275,632	\$9,562,998	\$5,498,456	\$150,500	37	\$3,914,043	\$3,224,043
Haida Gwaii	\$54,524,666	\$7,918,026	\$3,192,086	\$625,940	51	\$4,100,000	\$3,486,618
Total:	\$319,190,379	\$48,596,877	\$28,180,833	\$843,448	252	\$19,572,596	\$17,598,963

Some of the approved Matching Fund amounts led to multi-year funding agreements. Recipients must produce progress reports to demonstrate that they are essentially on track with their proposal, and are achieving the projected results, before they are able to get subsequent installments. All projects are approved subject to the applicant receiving a minimum at least one dollar for each three CST II dollars for the first \$50,000 of a project, and dollar for dollar matching funds from a source other than the provincial government for any project funding after that amount. In some cases applicants may not be able to source the matching funds, in which case their approval will be rescinded, and the funds made available for other applicants. As of December 31, 2013, 33 projects that had been approved by the CST were subsequently abandoned without any funds being disbursed.

Types of Projects Approved for Community Matching Fund Assistance

In order to stimulate economic activity, each RSC considers and approves projects that fit into the strategic priorities of their area or, if no formal strategic priorities have been developed, projects that clearly fall into the range of initiatives that likely will be included. The types of projects vary to some extent by the chosen strategic direction of each RSC. Following is a table that shows the type of projects approved for CST funding support:

Types of projects approved for CST Funding

Regional Steering Committee	Total Project Size	Amount Approved by CST	Nature of Approved Project					
			Agriculture & NTFPs	Aquaculture & processing	Forestry	Infra-structure	Planning	Tourism
Central Coast	\$16,048,297	\$3,367,633	\$30,834	\$757,090	\$130,854	\$1,042,144	\$652,866	\$753,845
Comox Strathcona	\$32,987,254	\$4,099,833	\$12,500	\$1,137,000	\$0	\$824,000	\$190,500	\$1,935,833
Mount Waddington	\$41,536,183	\$4,091,087	\$91,400	\$292,111	\$15,000	\$1,652,856	\$39,500	\$2,000,220
North Coast	\$38,229,563	\$3,914,043	\$0	\$880,120	\$50,000	\$1,009,356	\$24,750	\$1,949,817
Haida Gwaii	\$45,929,325	\$4,100,000	\$200,549	\$274,060	\$162,398	\$1,806,016	\$165,232	\$1,491,745
Total:	\$174,730,622	\$19,572,596	\$335,283	\$3,340,381	\$358,252	\$6,334,372	\$1,072,848	\$8,131,461
Percent of Approved Amounts			1.7%	17.1%	1.8%	32.4%	5.5%	41.5%

Employment Impact of CST Funding

Following is a table which displays the employment impact of CST funding. The numbers are based on a combination of information submitted in the original applications, quarterly reporting as the project proceeded, and results of a survey taken of recipients of CST funding after the projects were completed. Numbers shown are actual employment or contract positions and have not been reduced to full time equivalents. Spin off jobs were not included as, especially in the case of tourism, the provision of high speed internet and long range planning, they are very difficult to estimate.

Regional Steering Committee	Full time Jobs while Project Active	Part time Jobs while Project Active	Full time Jobs when Project Completed	Part time Jobs when Project Completed
Central Coast	43	133	270	266
Comox Strathcona	84	249	202	209
Mount Waddington	86	268	180	222
North Coast	163	141	178	40
Haida Gwaii	204	229	103	112
Total:	580	1,020	933	849

Landscape Reserve Planning (LRP) sub trust

The CST II disbursed a total of \$735,000 to two First Nation organizations, the Nanwakolas Council, and the Coast First Nations, during 2009. No funds were disbursed from 2010 to 2013, so the balance of the original \$750,000 contribution to the CST, plus earned interest, for a total of approximately \$17,000, remains in the LRP sub trust account.

Ecosystem Based Management Matching Fund Account

The purpose of the EBM Matching fund is to help mitigate the negative impacts of the implementation of Ecosystem Based Management on forest workers, contractors and both civic and First Nations Communities in the CST II operating area.

In a May 18, 2010 meeting the Advisory Board of the BC Forestry Revitalization Trust II (BCFRT) agreed to consider the possibility of providing matching funds to the CST EBM Matching Fund to allow workers and replaceable contractors on Haida Gwaii to receive mitigation for the negative impacts of EBM on them. A letter was sent out to the three major licensees on Haida Gwaii asking them to submit proposals for worker and contractor mitigation.

In a February 23, 2011 meeting of the BCFRT Advisory Board it was agreed that the BCFRT would pay half of the estimated contractor and worker mitigation cost, which it did later in 2011. All 11 of the replaceable contractors and all 35 of the employees that were identified as having been negatively impacted by the implementation of EBM on Haida Gwaii have received the mitigation for which they were eligible, with total mitigation paid out of \$5,124,318.

In a March 9, 2011 CST II Advisory Board meeting it was agreed that up to \$200,000 per RSC could be used to match with industry, First Nations and/or civic communities to provide training for people that want to enter the harvesting side of the forest industry. To date seven training initiatives worth \$550,449 have been approved, and funding of \$316,171 has been disbursed. The Trustee has also had discussions with several other contractors, First Nations and licensees that plan to develop training programs specific to the needs of their operations, and the employees they have or intend to hire.

Eco-system Based Management Adaptive Management (EBM-AM)

Effective March 31, 2009 a new sub-trust called the EBM Adaptive Management sub trust was created. It was seeded with \$500 from the EBMWG sub trust, and received a further \$575,000 from the Ministry of Agriculture and Lands during the second quarter of 2009. Its goal is to invest in the Central Coast, North Coast and the Haida Gwaii plan areas by:

1. funding the successful implementation and management of an Adaptive Management program that supports the goals of Ecosystem Based Management,
2. funding projects in an Annual Work Plan approved by the Joint Land and Resource Forum, and
3. investing in and supporting Adaptive Management, Ecosystem Based Management, and other specific uses as directed by the donor.

To date, five contracts totaling \$139,449 have been signed related to Ecosystem Based Management Adaptive Management on the North and Central Coast. All of those projects have been completed, and three came in under budget. Disbursements of \$129,234 have been made. The balance of the funds allocated to the EBM Adaptive Management sub-trust remains available for future projects.

Conclusion:

Two of the five RSCs have now allocated all of their available Community Matching Funds to specific projects, and they are being funded as appropriate. The Trustee continues to solicit new proposals and to distribute funds to the intended beneficiaries of the active accounts, according to the Distribution Objectives of the Declaration of Trust that established the CST II, and the Guidelines of the donor directed sub-trusts.

The EBM Matching Fund continues to solicit applications for Forest Worker Training matching funds, and the EBM Adaptive Management sub trust is ready to fund more projects as they are developed. The donor is considering how to apply the remaining Landscape Reserve Planning Account funds.

Overall, CST activity is expected to continue at a moderate pace for the next year.

The Coast Sustainability Trust II

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of The Coast Sustainability Trust II, which comprise the statement of financial position as at December 31, 2013, and the statements of changes in net assets, operations and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Trustee's Responsibility for the Financial Statements

The Trustee is responsible for the preparation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as the Trustee determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Trustee, as well as evaluating the presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Exhibit A

INDEPENDENT AUDITORS' REPORT

Opinion

In our opinion, the financial statements of The Coast Sustainability Trust II for the year ended December 31, 2013, present fairly, in all material respects, the financial position of The Coast Sustainability Trust II as at December 31, 2013 and the results of its operations, changes in net assets and cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Other Matters

The financial statements of The Coast Sustainability Trust II for the year ended December 31, 2012, were audited by Schroeder and Associates, Chartered Accountants, who expressed an unmodified opinion on those statements on February 25, 2013. That firm merged with the current auditor.

THE COAST SUSTAINABILITY TRUST II
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

1. PURPOSE OF THE TRUST

The Coast Sustainability Trust II (the "Trust") was established by Declaration of Trust dated March 27, 2007.

On April 30, 2007, all assets and liabilities, contingent and otherwise, of the predecessor trust, The Coast Sustainability Trust (the "Predecessor Trust") were transferred to the Trust.

Pursuant to Order in Council No. 258, approved and ordered on March 28, 2002, Forest Renewal B.C. made a payment of \$35,000,000 to the Predecessor Trust. The funds were to be used to:

- a) implement short term mitigation measures for workers, contractors, communities and First Nations on whom the Land and Resource Management Plans ("LRMP") in the Central Coast, North Coast and the Queen Charlotte Islands - Haida Gwaii had negative impacts; and
- b) to mitigate the longer term impacts of implementing these plans.

During prior years, the Predecessor Trust made all required short-term mitigation payments to workers and contractors.

During prior years, the Predecessor Trust received \$254,000 in donor-directed funds to be used for Ecosystem Based Management related Land Use Planning ("EBM-LUP Subtrust") in the Predecessor Trust geographical areas and \$145,000 in donor-directed funds to be used for Economic, Scientific and Adaptive Management Development and Planning ("ESAMDAP Subtrust"). These funds were to be distributed pursuant to specific donor instructions. The Trustee administered the distribution of the funds and prepared the related funding agreements. In accordance with the terms of the EBM-LUP Subtrust and the ESAMDAP Subtrust, these funds were not to be co-mingled with other funds of the Predecessor Trust.

The Trust Deed that created the Predecessor Trust stipulated that it was to terminate on March 31, 2007, and allowed the Trustee two years from that date to determine the disposition of any remaining funds. In anticipation of the termination of the Predecessor Trust, all the Advisory Board and Regional Steering Committee members as well as all First Nations, organized communities and Regional Districts that were potential beneficiaries of the Predecessor Trust, were asked to comment on the disposition of remaining funds. The unanimous response was that the Predecessor Trust should be rolled over into a new trust with similar guidelines to the Predecessor Trust, with certain changes.

The Trustee considered submissions made by various representatives of beneficiary groups and the Advisory Board, and decided to implement the following changes:

1. The maximum possible contribution of the Trust to any specific Communities Matching Fund project was increased from \$100,000 to \$250,000; and
2. The Trust may contribute up to 75% of the first \$50,000 of any specific Communities Matching Fund project's costs, instead of the prior maximum of 50%.

The EBM-LUP and the ESAMDAP Subtrusts were rolled into a new Ecosystem Based Management Working Group ("EBMWG") Subtrust effective April 30, 2007. An additional \$620,000 was received from the Province of British Columbia to fund the EBMWG in a prior period, and a further \$1,024,320 was received from the Province of British Columbia in a prior year. The EBMWG Subtrust was discontinued in a prior year, and the remainder of the funds were transferred to the Ecosystem Based Management Adaptive Management ("EBMAM") Subtrust.

THE COAST SUSTAINABILITY TRUST II
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

2. BENEFICIARIES OF THE TRUST

The beneficiaries of the Trust are:

- a) municipalities and unincorporated areas located in certain Regional Districts;
- b) any band (as defined by the Indian Act) located in specified geographical areas; and
- c) any other person or entity appointed by the Trustee as beneficiary in accordance with the Declaration of Trust.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Restricted Fund Method

The Trust employs fund accounting, using the accrual method of accounting for transactions. The Trust's net assets consist of \$4,658,065 (2012 - \$5,560,588) in contributions, including investment income earned on those contributions, that are subject to the externally imposed restrictions contained in the Declaration of Trust. The restrictions stipulate that the resources be maintained in the Trust until required for qualifying disbursements to the Trust's beneficiaries (see Note 1 and Note 2).

The Trust comprised the following funds during the year:

i) Community Matching Fund ("CMF")

This fund is used to provide assistance to communities and First Nations that have been negatively affected by provincial government decisions related to the Land and Resources Management Plan ("LRMP") process in the specified areas. Funds can only be disbursed from the Trust if they are matched at a minimum of a 25%/75% basis, for the first \$50,000 of any specific project's costs, and 50%/50% basis thereafter, with unencumbered funds from sources other than the provincial government.

ii) Ecosystem Based Management Matching Fund ("EBMMF")

The amount initially allocated to this fund was \$5,000,000 of the original \$35,000,000 paid by Forest Renewal B.C. to the Predecessor Trust. This amount grew to \$5,618,431 in prior years, but no funds were disbursed until 2011. During that year the Trustee, on the advice of the Trust's Advisory Board, allocated the EBM Matching Fund as follows:

1. \$2,000,000 was allocated to the Community Matching Fund, to be allocated equally among the 5 Regional Steering Committees;
2. \$1,000,000 was set aside to support training for forest workers. That amount was further allocated equally among the 5 Regional Steering Committee areas; and
3. The balance is to be used to match \$2,767,713 in matching funds that was received from the BC Forestry Revitalization Trust II in order to provide mitigation to forest workers and replaceable logging contractors in Haida Gwaii that were negatively impacted by the implementation of EBM, and to pay related administrative expenses to facilitate this mitigation.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

3. **SIGNIFICANT ACCOUNTING POLICIES, *cont'd***

(a) Restricted Fund Method, *cont'd*

iii) Ecosystem Based Management Adaptive Management ("EBMAM") Subtrust

This donor directed subtrust is to be used to provide funding for certain projects in the Plan Area, defined as the Central Coast, the North Coast and the Queen Charlotte Islands - Haida Gwaii. The projects are intended to support the successful implementation and management of an Adaptive Management ("AM") program that supports the goals of EBM within the Plan Area. The fund is also to be used to provide funding for projects approved by the Coastal First Nations and the Nanwakolas EBM Forums and the EBM representative of the Province of British Columbia.

iv) Landscape Reserve Planning ("LRP") Subtrust

This donor directed subtrust is intended to fund certain projects in specific Central Coast and North Coast areas. The subtrust is intended to fund landscape reserve planning supporting the goals of EBM within the specific areas and to provide for First Nations that are members of the JLRF in the specific areas the capacity to develop landscape reserve plans.

The Trustee allocates administration expenses among these funds and subtrusts based on the level of activity.

(b) The Trustee has elected to prepare the financial statements of the Trust in accordance with Canadian Accounting Standards for Not-for-Profit Organizations.

(c) Revenue Recognition

Investment income is recorded as received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured.

The Trust uses the restricted fund method of accounting for contributions, which are recognized as revenue in the appropriate restricted fund when received.

(d) Allocation of Expenses

The trust allocates certain of its general support expenses by identifying the appropriate basis of allocating each component expense, and applies that basis consistently each year. All expenses are allocated to the Trust's funds.

(e) Use of Assumptions and Estimates

The preparation of financial statements, in conformity with Canadian generally accepted accounting principles, requires the Trustee to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Although these estimates are based on the Trustee's knowledge of current events and actions the Trust may undertake in the future, actual results may differ from the estimates.

THE COAST SUSTAINABILITY TRUST II
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

3. **SIGNIFICANT ACCOUNTING POLICIES, *cont'd***

(f) Financial Instruments

The Trust invests in certain financial instruments. It recognizes its financial instruments when the Trust becomes party to the relevant contractual provisions. All financial instruments are initially recorded at their fair value plus transaction costs and financing fees. The financial instruments are subsequently measured at amortized cost.

It is the Trustee's opinion that the Trust is not exposed to significant interest, currency, credit, liquidity or other price risks arising from these financial instruments except as otherwise disclosed.

4. **MATCHING FUNDS**

The Matching Fund portions of the Trust are to be used to fund certain community and industry initiatives to mitigate adverse impacts from Land and Resources Management Plan ("LRMP") decisions and Ecosystem Based Management ("EBM") in specified areas.

Any disbursements from the Communities Matching Fund ("CMF") are required to be matched on at least a 25%/75% basis for the first \$50,000 of any project, and on a 50%/50% basis thereafter, and on at least a 50%/50% basis for all Ecosystem Based Management Matching Fund ("EBMMF") projects, with unencumbered funds from sources other than the provincial government. The Trustee and his Advisory Board prepared guidelines with respect to the CMF and the EBMMF in accordance with the directives in the Trust Deed that created the predecessor trust.

a) Community Matching Funds to Mitigate the Effects of LRMP

In accordance with the Trust's guidelines, the Trustee solicited the formation of Regional Steering Committees ("RSC's") representing each of the five distinct geographical areas covered by the Trust. Each RSC is responsible for reviewing and approving proposals presented to the Trustee for funding.

All five RSC's were active during the current year and certain funds were disbursed or committed. The maximum amounts of funds currently allocated to the five RSC's were as follows:

Central Coast RSC	\$ 4,100,000
Comox Strathcona RSC	4,100,000
Mount Waddington RSC	4,100,000
North Coast RSC	4,100,000
Queen Charlotte Islands - Haida Gwaii RSC	<u>4,100,000</u>
	<u>\$ 20,500,000</u>

The above allocations are prior to any disbursement of funds.

THE COAST SUSTAINABILITY TRUST II
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

4. **MATCHING FUNDS, *cont'd***

b) EBM Matching Funds to Mitigate the Effects of EBM

The balance of the EBMMF, after allocating \$1,000,000 to Forest Worker training and \$2,000,000 to the CMF, is to be used to match \$2,767,713 in matching funds that was received from the BC Forestry Revitalization Trust II. It is to be used to provide mitigation to forest workers and replaceable logging contractors in Haida Gwaii that were negatively impacted by the implementation of EBM, and to pay administrative expenses related to facilitate this mitigation.

In accordance with the Declaration of Trust, up to 3% of the initial contribution to the Trust, plus the aggregate income of the Trust, net of Income Taxes, if any, may be used for administrative expenses over the life of the Trust. From the inception of the Predecessor Trust to December 31, 2009, the Predecessor Trust's and the Trust's receipts exceeded administrative expenditures.

5. **DONOR DIRECTED FUNDS AND SUBTRUSTS**

For donor directed subtrusts, the Trustee performs an administrative and managerial function only over the funding process and does not get involved in the funding decisions.

The donors establish the process to give instructions to the Trustee. The Trustee prepares funding agreements in accordance with the instructions, subject to certain approvals. The Trustee is not required to evaluate requests for releases of funds, but is entitled to rely on instructions as long as they are given in accordance with the process established by the donors.

The Trustee monitors the cumulative amounts of funds released for each project to ensure that the cumulative amounts disbursed do not exceed the total amounts authorized.

6. **RELATED PARTY TRANSACTIONS**

During the year, the Trust made payments to the Trustee, Mr. Eric van Soeren, for services rendered.

	<u>2013</u>	<u>2012</u>
Payments made to trustee	<u>\$ 72,328</u>	<u>\$ 89,714</u>

7. **INCOME TAXES**

The Trustee is of the opinion that the Trust is either a non-profit organization or a public body performing a function of government and is therefore not a taxable entity. In order to confirm the predecessor Trust's status for income tax purposes, the Trustee applied to the Canada Revenue Agency (the "CRA") for a ruling during a prior year.

Although the Rulings Directorate of the CRA declined to provide a ruling in writing, the Trustee was advised verbally that the predecessor Trust was a holder of a power of appointment granted by the Government of the Province of British Columbia and accordingly, was exempt from income tax as a quasi-governmental agency administering a government program. The Trustee is of the opinion that the tax treatment for the Trust will be the same. During the year the Trustee received a Notice of Assessment confirming that the Trust was not subject to Income Taxes.

THE COAST SUSTAINABILITY TRUST II
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

8. GOODS AND SERVICES TAXES / HARMONIZED SALES TAXES

The Trustee has obtained advice from the CRA that the Trust will not be able to recover any Input Tax Credits.

9. FAIR VALUE AND CREDIT RISK

The carrying value of investments and liabilities reflected in the balance sheet approximate their respective fair values. The trust does not have significant concentration of credit risk. The market value of investments as at December 31, 2013 is \$4,670,256.

10. COMMITMENTS

The Trustee works closely with the RSCs to solicit funding proposals for projects which meet the Trust's guidelines. Upon acceptance of a proposal, the Trustee enters into a funding agreement with the potential recipient. The agreement ordinarily confirms the Trust's commitment for certain disbursements, the expected timing of the disbursements and the criteria for the release of funds.

As at December 31, 2013, the Trust had made disbursements and had committed to make disbursements out of the Communities Matching Fund as follows:

	<u>2013</u>	<u>2012</u>
Committed to beneficiaries, contingent on availability of matching funds	\$ 1,973,633	\$ 2,129,181
Disbursed during the year	643,275	1,737,510
Disbursed during the prior year by Predecessor Trust and the Trust	<u>16,955,690</u>	<u>15,218,180</u>
	<u>\$ 19,572,598</u>	<u>\$ 19,084,871</u>

As at December 31, 2013, the Trustee had made disbursements out of the Ecosystem Based Management Matching Fund as follows:

	<u>2013</u>	<u>2012</u>
Committed for forest worker training purposes	\$ 234,278	\$ 134,428
Committed to beneficiaries, contingent on sale of redundant equipment or reaching agreement with a licensee with respect to a lost contract	-	55,750
Disbursed to contractors during the year	-	86,450
Disbursed for forest workers training purposes during the year	109,428	206,743
Disbursed during the prior year	<u>5,331,096</u>	<u>5,037,903</u>
	<u>\$ 5,674,802</u>	<u>\$ 5,521,274</u>
